## HP Bulk Ink Delivery System

The HP bulk Ink Delivery System uses HP regulators to regulate constant ink flow to the cartridges.

- Provides constant ink flow to cartridges, no adjustment during production
- Quick disconnect for ink supply and cartridge
- Uses 400 or 800 ml bulk ink supply
- Wide variety of colors and variations of ink
- Multiple regulators can be connected to one supply
- Feeds up to 4 cartridges at one time
- 800 ml is equivalent to 19 cartridges
