## MINI DIGITAL SINGLE-PASS PRINTER

### Single-Pass Digital Printer

Introducing the revolutionary Mini Digital Single-Pass Printer Paper Bag Colors Box Packaging Printer with 10pcs Epson Printheads, also known as SPD-330. This cutting-edge printer is armed with 10 Epson original authorized printheads, ensuring top-notch performance. With a maximum printing width of 330mm and an impressive printing speed of 50m/min, it's a powerhouse of efficiency.

Say goodbye to waiting with its support for variable data printing, including text, QR codes, and barcodes, enabling seamless multi-task continuous printing. Developed independently with multiple patent protections, this printer offers versatility, accepting both pigment ink and dye ink.

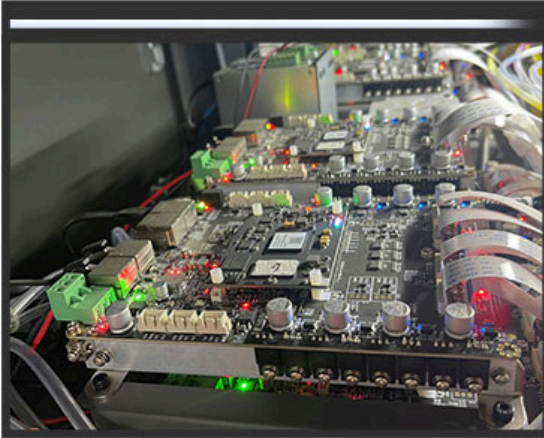

### FEATURES

- Officially authorized Epson printhead
- Supports variable data printing
- Multi-task continuous printing
- Automatic Negative Pressure Ink Supply
- Independent R&D, Patent Protection

# SPD-330 FEATURES

1.

Self-developed special-purpose printer motherboard, patent protection, domestic exclusive, perfect fit with the machine, strong stability. It comes with automatic picture feathering function and automatic gap printing, supports multi-task continuous printing, and automatically switches and prints pictures without indirection.

Original I3200 printhead authorized by Epson, unique variable size droplet technology (VSDT), 4-level grayscale printout, smooth color transition, high saturation, no color difference, able to present more picture details. The printhead has a built-in ink circulation function to ensure that the print head can continuously and stably output ink when printing for a long time.

2.

3.

The printer is equipped with an automatic negative pressure circulation ink supply system, which can automatically discharge the air in the ink path to prevent the print head from being clogged. The print head is automatically cleaned and moisturized, and the design life of the print head is more than 2 years.

# SPD-330 FEATURES

4.

The high-definition touch screen integrates various functional control units, equipped with a PLC operating system, easy to operate, customizable programming, strong compatibility, and can be used with other equipment.

5.

Fully digital single pass printer, it can print when it is turned on, the printing cost is low, no plate making is required, the production efficiency is high, and the pictures can be imported and printed. The maximum printing precision is 600dpi\*1200dpi, and the fastest printing speed is 50m/min.

**Professional automatic feeder, efficient and fast feeding, saving manual feeding costs.**

6.

# PRODUCT PARAMETERS

## PRODUCT PARAMETERS

Product Name	<b>SPD-330</b>			
Brand	HSAUSA			
Printhead	Epson I3200-A1 Printhead			
Colors	C/M/Y/K
